

**Binding Offer Form for Initiation, Execution and Invoicing of Flow Commitments
at Entry and Exit Points**

between

[Name of Provider], [place]

- hereinafter called the Provider -

and

GASCADE Gastransport GmbH, Kassel

- hereinafter called „GASCADE“ -

- hereinafter also known separately and collectively as „Parties“ -

Section 1

Object of the binding offer form

The Provider undertakes to fulfil the flow commitment to GASCADE as specified in Appendix 1.

Section 2

Integral parts of the binding offer form

All appendices and GASCADE's "General Terms and Conditions for the Initiation, Execution and Invoicing of Flow Commitments at Entry and Exit Points" (GBLFZ) of GASCADE Gastransport GmbH, in the version dated 5 December 2014, as published at the www.gascade.de website, are integral parts of this contract. By sending a binding offer to GASCADE, the Provider agrees to this GBLFZ.

Appendix 1

1. Term of commitment: The flow commitment shall be made available on demand and on a firm basis for the period commencing from 1 January 2015 (06:00 a.m.) to 1 February (06:00 a.m.).
2. The Provider has to use the network point Eynatten (8950) to fulfil the flow commitment.
3. GASCADE tenders a positive and a negative flow commitment.
 - a) The positive flow commitment is an increase of Entry Eynatten (8950).
 - b) The negative flow commitment is a decrease of Exit Eynatten (8950).
4. The quantity is 10.000 kWh/h each. 418 quantities are tendered, in sum 4.180.000 kWh/h. The supplier has to state the number of quantities.
5. The general permissible price basis is a combination of commodity price and capacity charge. Commodity price or capacity charge may be 0 Euro. Both will be rated for the listing in the Merit-Order-List. The weighting is 0.5 (capacity charge) to 0.5 (commodity price). The commodity price must be stated in €/kWh. The capacity charge must be stated in €/(kWh/h)/month.

6. The format necessary for triggering the flow commitment and confirming the flow commitment will be agreed mutually.
7. Before the start of the flow commitment the involved Parties must undertake some operative coordination.
8. GASCADE reserves the right to accept none of the given offers, if economical or technical aspects argue against it.
9. The Provider of the flow commitment has to verify the ability for a reduction or an increase of the flow commitment at the point of demand if GASCADE is asking for this.

Network point	Flow direction	No. of quantities *	Commodity price in €/kWh	Capacity charge in €/(kWh/h/month)

*N.B. GASCADE is entitled to make partial acceptance of binding offers or to refuse them altogether.
